HOW TO convert your existing scoreboard into a simple-to-use app-controlled scoreboard

solid
SCOREBOARDS

YOU NEED an existing LED scoreboard (video screen style)

DOES NOT have to be a Solid brand scoreboard

Old fashioned DIGIT scoreboards will **not** suit this system

Hardware required (a once-off purchase) + Solid Scoring System (annual licences)

PACKAGE A
- Online setup by the Solid team.
- If the club already has:
  - the scoreboard directly connected to a controlling PC
  - this PC has an internet connection

If this all sounds confusing then contact Solid to discuss. Via a chat and some pics we will point you clearly in the best direction.
Call 03 9708 2992

PACKAGE B
- Tough PC by Solid
- 4G modem by Solid.
  - This gear to be located inside the scoreboard, connected to the Sender Box (existing).
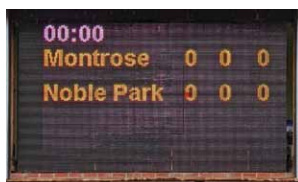

PACKAGE C
- Single sport, ie, AFL, Soccer,
- Rugby, Hockey, Simple Cricket (not PlayHQ or MyCricket)

Click here to see the RemoteApp in action

PACKAGE D
- PlayHQ cricket integration.
- Two apps in play here; The PlayHQ app for the live scoring, PLUS the Solid app to control the scoreboard functionality.

Tough PC & Tough Modem by Solid

Phone by Club - Note: the Solid RemoteApp works on iOS, android (phones or tablets), Win & Mac PCs.
