Scores & messages   **Auto - animations**   **Advertising**

▲ All controlled from the App

◄ Score from anywhere!

PlayHQ

◄ Multiple sports + PlayHQ ▲

Industrial PC controller

Solid hosted cloud service

This Remote-App solution will free your scorer up, away from the main scoring PC. Score from your phone while leaning on the fence, OR score from a Scorer's box that has no cabled connection to the scoring PC.

This Remote-App works on iOS, android, tablets, Windows PCs & Macs

Internet connection required for the RemoteApp to work.

solid
SCOREBOARDS

HOW TO convert your existing scoreboard into a simple-to-use app-controlled scoreboard

solid
SCOREBOARDS

YOU NEED an existing LED scoreboard (video screen style)

DOES NOT have to be a Solid brand scoreboard

Old fashioned DIGIT scoreboards will **not** suit this system

---

Hardware required (a once-off purchase) + Solid Scoring System (annual licences)

PACKAGE A
- Online setup by the Solid team.
- If the club/s already has:
  - the scoreboard directly connected to a controlling PC
  - this PC has an internet connection

PACKAGE B
- Tough PC by Solid
- 4G modem by Solid.
  - This gear to be located inside the scoreboard, connected to the Sender Box (existing).

PACKAGE C
- Single sport, ie, AFL, Soccer,
- Rugby, Hockey, Simple Cricket (not PlayHQ or MyCricket)
